3. Insert money into the machine ③④.

4. The buttons for tickets that you can purchase will turn green. Push the fare price for the ticket you wish to purchase.

5. Please take your ticket when it comes out of the ticket slot ⑤. Make sure to take any change that is dispensed ⑥.

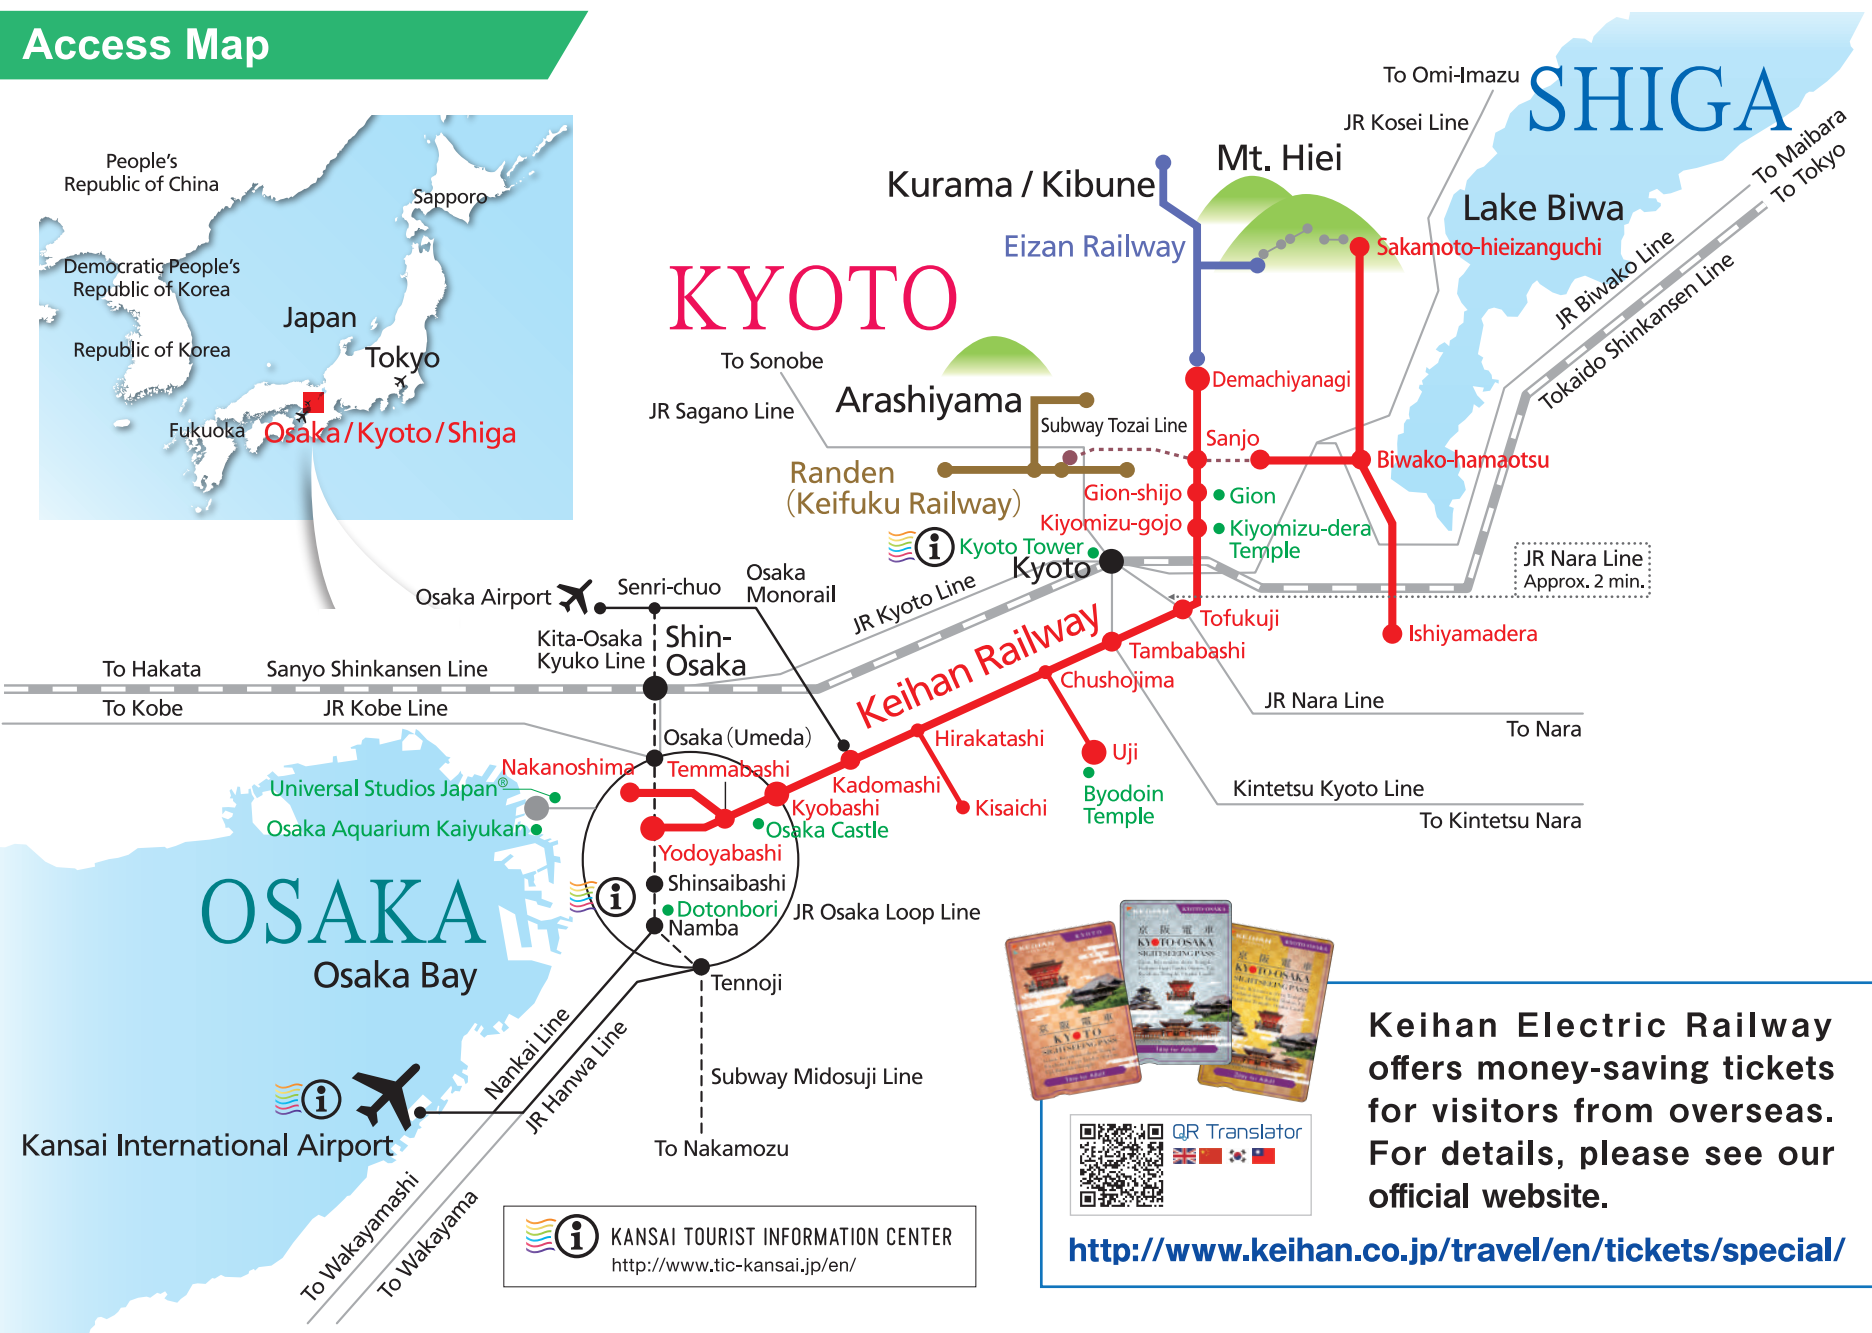

How to Pass Through Station Ticket Gates (When Using a Standard One-Way Ticket)

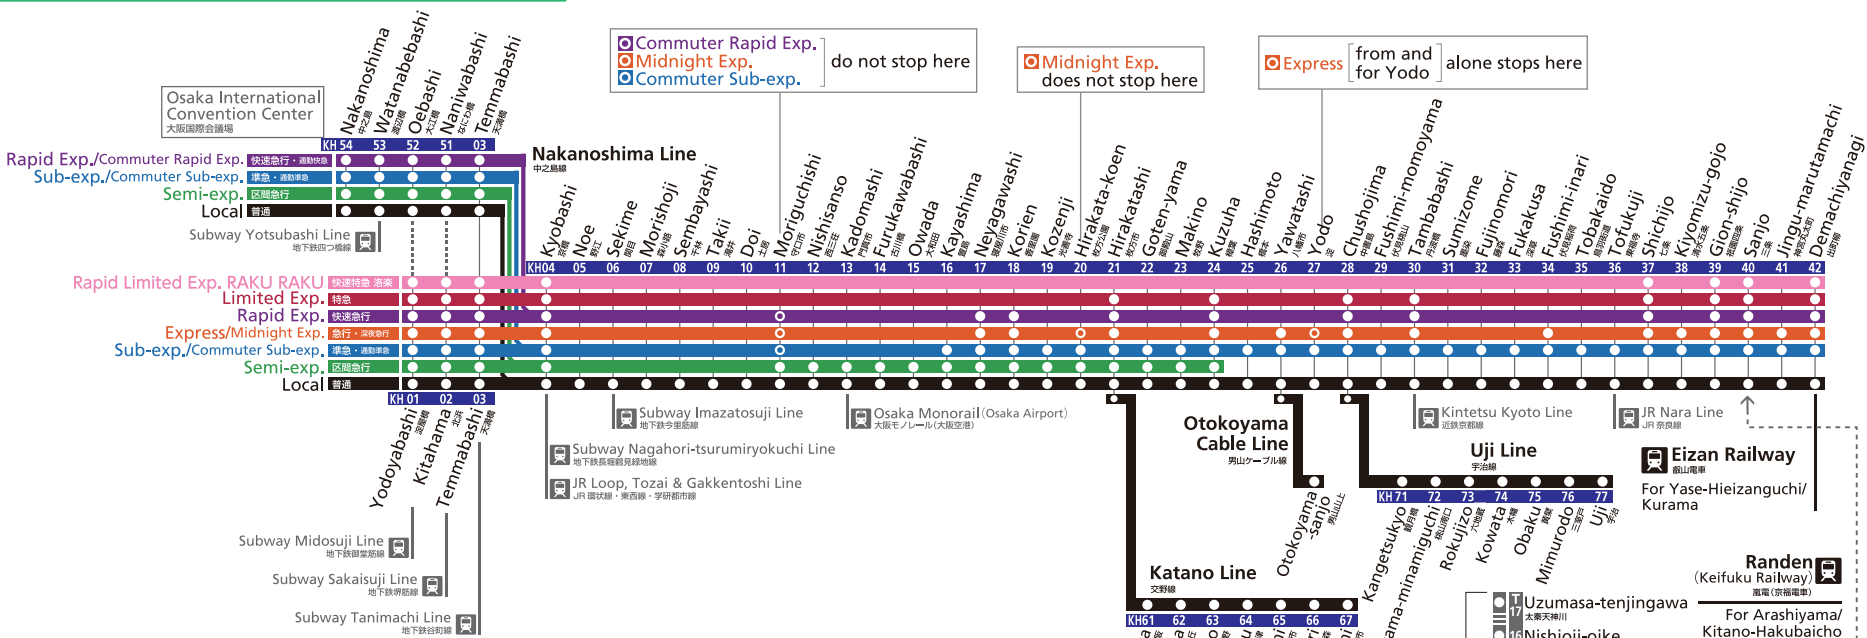

- After purchasing a ticket, insert it into the slot on the right-hand side of one of the ticket gates.
- Pass through the ticket gate, and remember to take your ticket from the other end of the gate.
- Your ticket will be necessary when you exit through the ticket gates at your destination, so keep it with you, making sure to avoid bending or dirtying it.
- Once you insert your ticket and pass through the ticket gates at your destination station, the ticket will not be returned.
